Dear Nick

It is two years since you installed our revamped en suite shower room and we still delight in it. We thought then that we would leave the main bathroom as Renway installed it twenty-six years ago but we had a change of mind with the prospect of a number of guests arriving in 2010 and I convinced myself that an updating would be good in investment terms.

Again we have been impressed by the Bee performance including the factor of not having to pay for a flash show room. Wokingham Bathroom Supplies of Rances Lane are very helpful and have a comprehensive range of best range fittings together with catalogues. I feel happy dealing with outfits that are free of pressurized selling tactics.

Again as a Member of the Chartered Institute of Building (Retired) I am appreciative of your expertise, reliability and great attention to detail.

Have a good Christmas and a busy and prosperous new year. Greetings also to your `mates`.

Yours sincerely

Brian & Marijke

The sparkling clean occupiers in Bird Mews.
